

DAIKIN GAS FURNACES

90+% AFUE, 80% AFUE UPFLOW HORIZONTAL DOWNFLOW HORIZONTAL

A GLOBAL LEADER IN HVAC INVESTED IN NORTH AMERICA

Daikin is a global leader of indoor comfort solutions, with millions of systems installed throughout the world. Daikin has been improving the comfort of its customers with exceptional products and services for many generations. As a company whose core business is that of heating and cooling homes and buildings, Daikin's takes particular focus on the air you live in.

Air is essential to our existence and Daikin's role and responsibility in protecting it continues to expand. Daikin is devoted, with unbridled passion, to overcoming the ever-evolving challenges of the air around us. Leveraging our leading, cutting edge technologies, with a holistic focus on performance, reliability, design, aesthetics, air environment, ease of use and efficiency, we create outstanding products and system solutions to realize a comfortable and sustainable living environment for all people and all regions of the world.

This is *Air Intelligence*, and this is what Daikin is all about.

The opportunity to experience Daikin's advanced technologies and solutions is now more accessible than ever before. Cementing our corporate mission of being "globally-local", many of the Daikin solutions for residential applications are designed and manufactured at our state of the art production facility on the outskirts of Houston, TX. The Daikin Texas Technology Park is a sprawling campus covering more than 4 million sq. ft. with more than 4,000 personnel. The facility practices Daikin's philosophy of a full 360 degree focus to research and development, manufacturing quality and reliability, robust sales networks and extensive support infrastructure.

DAIKIN INSIDE — OUR IN-HOUSE TECHNOLOGY EXPERTISE FOR YOUR OPTIMUM HOME COMFORT

Daikin prides itself on its specialized focus to heating and cooling and extends this pride to a meticulous

commitment to the design, operation, performance and reliability of all its systems and solutions, including the key components inside those systems. Daikin designs and manufactures many of the components that make up our systems — including the heat exchangers, coils, sheet metal parts, fan blades, and the heart of the system — the Inverter-driven, variable-speed compressor*.

Efficient and dependable compressors for worry-free comfort

Daikin's variable-speed Inverter compressor* technology is currently providing energy efficient indoor comfort with over 50 million units installed worldwide. This proven technology automatically adjusts the performance of the system's compressor to match the demand needed to achieve the temperature you have selected on the thermostat. It is like having cruise control for your home's indoor comfort. Precise adjustments are being made automatically with the goal of providing the most consistent comfort at the lowest possible level of energy consumption. Compare this to a single speed compressor and immediately you'll see the benefits of the Inverter technology compressor. Daikin designs, engineers, and manufactures its own variable speed Inverter compressors. Rest assured that you are getting a proven design — you are getting Daikin Inside.

Elevate your expectations and get more out of your home's indoor comfort system performance

As you think about the functionality of your home's indoor comfort system, the Daikin portfolio of solutions is ready to help you achieve control, energy efficiency and long-term peace of mind. Take that attention to quality one step further by considering a state of the art Daikin brand variable-speed, energy-efficient system. We have designed and engineered all of our products to provide years of consistent indoor comfort — delivering you and your family the type of comfort you never thought possible.

Bold performance

A better understanding of how people inhabit their living spaces and make lifestyle choices has led to products designed to create indoor environments that help use energy resources more effectively.

A Daikin gas furnace provides efficient and economical heating performance. Enhance the efficiency of your system year round by combining your Daikin furnace with a Daikin AC or HP for the hot summer months. For replacement or new construction, a Daikin system will provide efficient comfort to your family for years to come.

COMFORT-ENHANCING FEATURES THAT HELP DELIVER BETTER COMFORT

PREMIUM 90% UPFLOW/DOWNFLOW FEATURES

Primary tubular stainless – steel heat exchanger for outstanding durability and heat transfer.

Durable silicon nitride igniter eliminates the need for an energy – wasting pilot light.

- 2 Secondary stainless steel heat exchanger for increased efficiency and additional comfort as compared to models with only a primary heat exchanger.
- Efficient and quiet variable speed motor gently ramps up or down according to furnace performance demand.
 - Quiet, variable speed induced draft blower provides precise control and enhanced energy-efficient performance as compared

to single speed blowers.

Self-diagnostic control board continuously monitors the system for consistent, reliable operation.

- Premium High-Efficiency gas valve*
- * Modulating models include self-calibrating valves.
- Thermal insulated cabinet provides air leakage of less than 2% to maximize heat transfer efficiency and lower blower noise.

PREMIUM 80% UPFLOW/DOWNFLOW FEATURES

7

Primary tubular stainlesssteel heat exchanger for outstanding durability and heat transfer.

- Efficient and quiet variable-speed motor gently ramps up or down according to furnace performance demand.
- Quiet, variable-speed induced draft blower provides precise control and enhanced energyefficient performance as compared to single speed blowers.
 - **Durable silicon** nitride igniter eliminates the need for an energy-wasting pilot light.

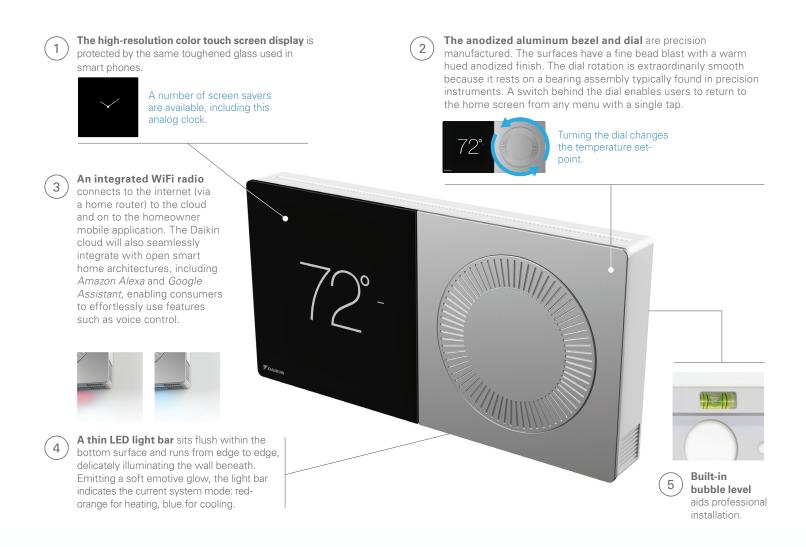

Self-diagnostic control board continuously monitors the system for consistent, reliable operation.

- 6 Heavy-gauge steel cabinet with durable baked-enamel finish resists corrosion and protects essential components.
- Thermally insulated cabinet - The fullyinsulated cabinet means air leakage of less than 2% to maximize heat transfer efficiency and lower blower noise.
- Two-stage gas valve reduces energy needed during moderate demand to deliver outstanding comfort and efficiency as compared to single stage gas valves.

THE FIRST SMART THERMOSTAT TO OFFER FULL TWO-WAY COMMUNICATIONS WITH DAIKIN HVAC SYSTEMS

The Daikin *One*+ smart thermostat is an intelligent home air controller from the world's leading heating, ventilating, and air conditioning (HVAC) manufacturer. It is a cloud-connected hub of sophistication, integrated for controlling temperature, humidity, and air quality.

ADD EXPERT CONTROL FOR YOUR EASE OF USE

Many Daikin products are compatible with the Daikin *One*+ smart thermostat. If you seek ultimate home comfort, the Daikin *One*+ smart thermostat is an integrated solution for controlling temperature, humidity, and air quality. Learn more at www.daikinone.com.

ENHANCE YOUR ECOSYSTEM WITH OUR ARRAY OF INDOOR AIR QUALITY SOLUTIONS

DAIKIN ONE HOME AIR MONITOR

Detect:

- » The Daikin One home air monitor will monitor and learn baseline air quality in the home, over 7 days, then provide a rolling 7-day average baseline.
- When potential particulate and/or chemical events occur outside of this average baseline, the system will detect the potential deviation and send alerts to the Daikin One+ smart thermostat.

Visualize:

- From the Daikin One+ smart thermostat, visualize the estimated air quality in real-time directly on the thermostat or through the smartphone app.
- Indoor Air Quality Event Monitor from this option, see when particles or chemicals are elevated compared to the 7-day baseline to

help to understand and control your air. The readings will include:

- Green typical concentrations in the home
- Yellow elevated concentrations in the home
- Orange very elevated concentrations in the home

Act:

- With built-in Air Intelligence, the Daikin One home air monitor and Daikin One ecosystem provide adaptive solutions homeowners advance through their Daikin One+ smart thermostat based on air quality alerts.
 - Turn on the furnace or air handler to increase filtration through the highefficiency Daikin premium air cleaner to address particles.
 - Turn on exhaust/ventilation or open a window to help reduce detected chemicals within the home.

DAIKIN PREMIUM AIR CLEANER

- The Daikin Premium Air Cleaner is a MERV 15 media filter that removes more than 85% of particles down to 0.3 microns*
- » Pleated media filter removes over 98 of Aspergillus fumigatus, Aspergillus versicolor, and Stachybotrys chartarum from the airstream*
- Pleated media filter removes over 99% of Ragweed, over 72% of Cat Dander, and over 73% of Dust Mites from the airstream*
- » Extra deep, 5¼" pleated filter constructed of cellulose-free, hydrophobic polyolefin fibers
- » Filter should be changed once or twice a year based on conditions within the home
- * Testing performed by LMS Technologies, Inc. Specification values may vary due to individual systems.

NEW!

DAIKIN ONE POWERED VENTILATOR

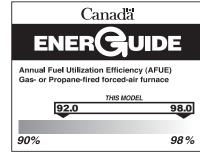

- » Includes a MERV 16 filter that helps reduce airborne particulates from the incoming air stream (Optional MERV 13 filters are available)
- » Compact and versatile design: can be wall or ceiling-mounted in an attic, basement, garage, or crawl space
- » Cost-effective mechanical ventilation for homes with quiet operation
- » Adjustable climate control limits keep air from entering the house when the on-board sensors detect temperature and/or humidity outside of selected ranges

- » Suitable for use in single and/or multi-family projects
- » Delivers between 40 and 100 CFM¹ of air to the home, adjustable in 10 CFM increments
- » Home Ventilating Institute (HVI) Certified performance / ETL listed
 - ¹ When a MERV 16 filter is used

PRODUCTS ARE NOTHING WITHOUT THE BEST CONTRACTORS TO SUPPORT THEM LOCALLY

"I'm a Daikin Comfort Pro"

Those five simple words can offer you comfort like you've never experienced. The words mean that the contractor you invited into your home is a highly-qualified and continuously-trained professional who will

quickly, efficiently and effectively help to solve any of your indoor comfort needs.

All Daikin *Comfort Pro* contractors seek to achieve the highest levels of customer service, business integrity, and technical competency. These range from maintaining an excellent rating with their local Better Business Bureau (BBB) to taking continuing education classes on how best to install and service Daikin brand products. To retain this status, Daikin *Comfort Pros* must deliver their best abilities to each and every customer, year after year.

A commitment to your comfort

Daikin *Comfort Pros* believe that a well-informed homeowner is the best possible customer. All Daikin *Comfort Pros* will take the time to help understand your unique comfort needs, assess the performance of your current indoor comfort system, and thoroughly discuss all options with you.

A commitment to provide you the right service and products

Daikin *Comfort Pros* have access to one of the most complete lines of indoor comfort products and systems available. As the #1 manufacturer of indoor comfort systems and refrigerants in the world, Daikin offers you a full line of comfort solutions that ensures that a Daikin *Comfort Pro* can provide the perfect solution to your home.

A commitment to serve you over the long term

Daikin *Comfort Pros* want to earn your business. They want to be your long-term provider for all your indoor comfort needs. To help deliver on this commitment, you can take peace of mind with the limited warranty* coverage offered on your Daikin brand indoor comfort product or system. The Daikin *Comfort Pro* has access to one of the best limited warranty* programs in the indoor comfort industry.

* Complete warranty details available from your local dealer/contractor or at www.daikincomfort.com.

Ultimately, the commitment to provide you with *Air Intelligence* is represented and reinforced in the Daikin Comfort Promise.

If, for any reason, the Daikin *Comfort Pro* has not met your expectations within one year of your equipment or system installation, please contact the installing Daikin *Comfort Pro* and ask them to honor the Daikin Comfort Promise. The *Daikin Comfort Pro* will return to your house to resolve any issues that you have with your installation at no cost to you.

As part of formally maintaining the Daikin *Comfort Pro* distinction, the Daikin *Comfort Pro* will make all reasonable efforts to resolve any concerns you have within one year of your equipment installation. If a Daikin *Comfort Pro* does not

meet your expectations, they risk losing the ability to sell Daikin products.

With the Daikin Comfort Promise, you can have peace of mind that your Daikin *Comfort Pro* will continue to earn your business well after the sale. If not, they cannot be a Daikin Certified Professional. Period.

LEARN OF WAYS TO SAVE AND ADD PEACE OF MIND

Did you know you may be able to take advantage of state and local rebates?

Visit www.daikincomfort.com/rebates to see if you are eligible!

Add further peace of mind with our comprehensive options for extended warranty.

Daikin understands that you expect to enjoy years of uninterrupted service from

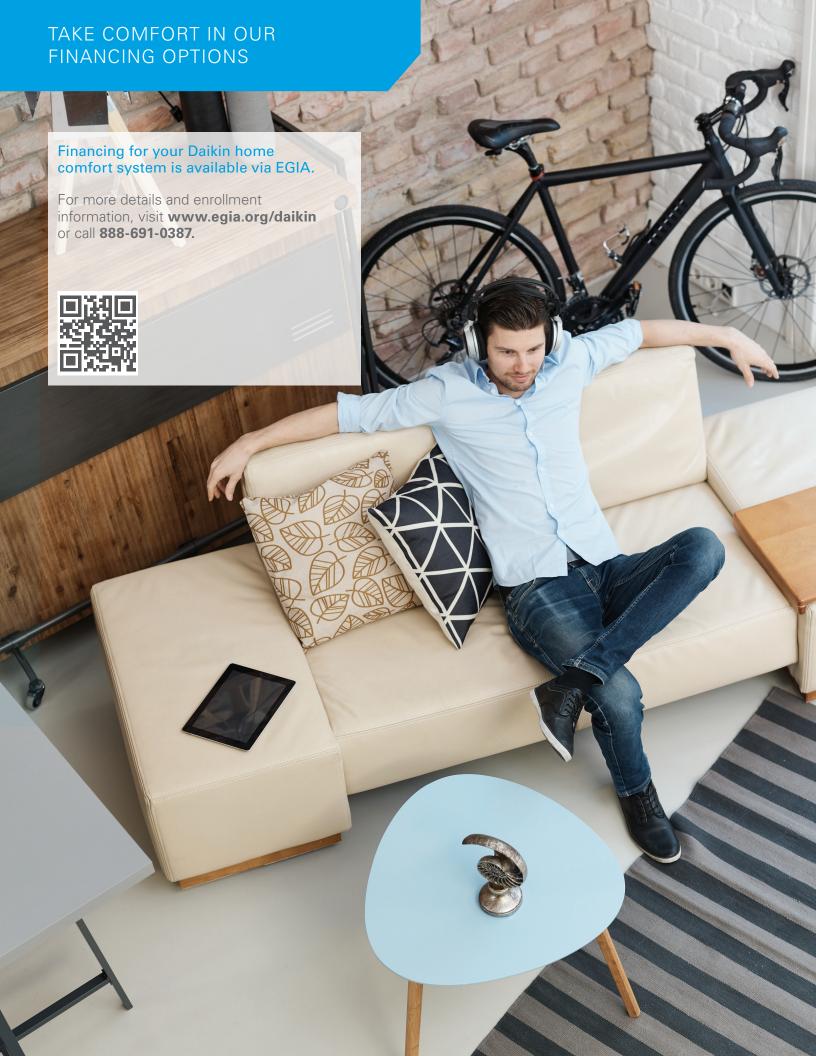

your home comfort system. By including an AsuresM Extended Service Plan you can have peace of mind knowing that in the event of an equipment failure, Daikin will pick up the cost of the repair. For only pennies a day, your can be protected from the unplanned cost of a service call and from the increasing cost of service over the life of your equipment.

- » No unexpected repair bills
- >>> Prompt service provided by an authorized AsureSM contractor
- » All repairs performed with Daikin brand replacement parts
- » No pre-authorization required
- » No out-of-pocket deductible

These benefits mean that you can count on staying cool in the summer and warm in the winter — an AFFORDABLE benefit that adds VALUE over the life of your home comfort product.

Contact your local Daikin sales representative or local contractor for more information on current extended service plans that are available to you.

Here's a Review from One of Our Most Important Critics:

"We purchased our furnace in October 2017. We are delighted with its features and most importantly its efficiency and lower cost to monthly bills. It also is much smaller than our previous furnace. Quiet and made to be 'smart' related to our needs and desires. Great product and we recommend it be considered by all. Thank you Daikin!"

— D Hester
